

PERSONAL ENRICHMENT

Admission Information

Personal Enrichment is an admission status that enables students to enroll in undergraduate courses for the purpose of personal or professional development. Personal Enrichment students must have already earned a baccalaureate degree and are not seeking an additional undergraduate degree. They may enroll for a maximum of 16 credit hours at the University. There is no limit on the number of semesters, but the total number of credit hours for all semesters enrolled may not exceed 16.

A Personal Enrichment student will have fees assessed and adjusted by fee regulations identical to those governing regular matriculated students. All courses taken under PE status are considered part of the undergraduate record.

It is free and easy to apply online at the online application website (https://umdearborn.my.site.com/application/TX_SiteLogin/?startURL=), selecting "Personal Enrichment" student type, and students may check the application status online.

Completed non-degree applications will be accepted until midnight the day prior to the start of classes each semester.
